

TRANSPORTATION IN PISA

Bus

Three urban lines connect the central railway station with the most important areas of the city:

LAM rossa: airport and north-west side

LAM blu: Cisanello hospital and south-east side

LAM verde: north-east side

A detailed map of connections can be found on www.pisa.cttnord.it

Taxi

A large number of taxis in Pisa can transfer you quickly from one side to another of the town

A Radio Taxi Service (24h) operates in the city of Pisa, tel. +39 050 541600

More information can be found on www.cotapi.it/en

Bike

Thanks to its size, the number of places of interest located within the historical centre and the many pedestrian areas, the city is perfect for sightseeing on foot and also by bicycle which offers an affordable and exciting alternative.

More information can be found on www.toscanaintour.it

CicloPi

Thanks to CICLOPI you can ride throughout Pisa in total freedom.

CICLOPI is the bike sharing system in the city of Pisa, encouraging people to use the bike for work, entertainment or tourism. 25 stations distributed in the urban area allow people to ride across the city, choosing their own itinerary and planning its duration.

More information can be found on www.ciclopi.eu

Boat

Boat trips offer visitors the opportunity to admire Pisa from an unusual and interesting viewpoint. There are two main routes: the Lungarni Tour, following the stretch of river that crosses the historical centre, and the Nature Tour, that extends westwards to the Parco di San Rossore.
